

LET US DO THE LEGWORK FOR YOUR LEAGUE

Streamline your NABF Registration

New NABF Registration Manager Offers you the following time saving features:

-  Complete all your NABF forms online - all information is saved
-  Edit or print saved forms anytime
-  Use this year's information as the starting point for next year's registration - no need to re-enter any information that hasn't changed

Includes automated roster management:

-  Online rosters include optional smart logic that will catch errors such as incorrect age and players added after a deadline
-  Use the saved regular season rosters to automatically fill out your NABF tournament rosters - no need to re-enter the same information
-  Tournament teams can draft eligible players online. All information for a drafted player can be added to a team's tournament roster in the click of a button.

And by using the new NABF Registration Manager you get:

-  An online league directory of managers and coaches
-  A searchable league player database

All data is secure with access limited to those individuals designated by you. Password management is fully automated.
